Experience Total Value

ACC Business Dedicated Voice Service delivers a total solution that meets all your dedicated voice needs. Because Dedicated Voice Service works with T-1 access (available separately), to offer you low prices and high reliability.

At ACC Business, we utilize the AT&T Network – with unsurpassed reliability in the communications industry. You don't have to worry about losing your connection in the middle of an important call.

So whether you provide your own T-1 access, or whether we provide it separately, Dedicated Voice Service offers total value:

- Dynamic channel allocation delivers increased T1.5 utilization efficiency.
- Low loop prices
- Greater call capacity and fewer busy signals than switched access lines.
