

AireConference

PRODUCT OVERVIEW

In these difficult times, companies everywhere are looking for unique ways to cut their costs. One of the quickest, easiest, and most painless ways to cut transportation, sales, and operations costs is to encourage greater use of conferencing.

It features the highest quality, crystal clear Toll Free Reservationless Conferencing as well as industry leading flexibility and features. With local dial-in numbers available in 23 international cities at no additional charge* and the ability to instantly conference hundreds of callers at one time, AireConference is the obvious conferencing solution.

Switching to AireConference is a simple. New customers are able to transfer existing PINs to AireConference for maximum ease of use and quick startup. Our state of the art Web portal allows you to completely manage all aspects of your conference, from identifying noisy participants and muting specific individuals to running advanced reports and securing your call once all known participants have entered.
