

EARTHLINK COMPLETE™ VOICE LINE SIDE SERVICE

FLEXIBLE, RELIABLE INTEGRATED NATIONWIDE VOICE AND DATA SERVICES

Integrated access services provide you with a host of reliable telephone service options from 2 to 24 lines and high speed Internet. When voice lines are not in use, dynamic bandwidth is available for Internet access and data applications, thereby offering more efficient bandwidth use and improved productivity.

Line Side Service

- Nationwide local telephone service including long distance and dynamic Internet
- Multiple access methods including DSL, T1 and Ethernet
- A full line of CLASS features, including hunting
- Add powerful options including auto attendant and MPLS to connect multiple locations
