Integrated Local Solutions

Founded in 1991, TNCI offers Customers the benefit of our long-term relationships and volume buying power with the industry's most advanced, reliable carriers, coupled with a U.S.-based Customer Service organization to ensure the delivery and support of quality voice and data solutions at the best possible rates.

Solution Features

- TNCI offers solutions from **MCI** and **PaeTec** in three configurations (each features Local phone service with either Long Distance and/or Internet Service):
  - Local & Internet Protocol (IP)
  - Local & Long Distance (LD)
  - Local & IP/LD
- A rich feature set provides value and enhances productivity:
  - Aggressive interstate and intrastate pricing
  - Competitive intrastate rates are the same in all states (MCI only)
  - Local Primary Rate Interface (PRI) service available at no extra cost
  - Local usage included free of charge (MCI only)
  - A range of data speeds are available

Solution Benefits

- Place multiple services on one T-1 (high capacity line) and on one invoice.
- Our Customers' ability to convert existing Direct Inward Dial (DID) numbers to TNCI, maintains productivity and efficiency within their organization.
- TNCI's partnerships with MCI and PaeTec provide a national footprint.
- Our robust billing system provides online access to critical account and billing information.

- TNCI **Customer Care Professionals** deliver unparalleled service including short hold times in queue and superior follow-up and follow-through.

Focused on Voice and Data. Focused on You and Your Success.

- Long-term relationships with the industry's most prestigious carriers allow TNCI to pass along the benefits of volume buying power to Agent Partners and to Customers.
- In addition to Integrated Local the TNCI Portfolio includes the following telecom solutions:
  - Local
  - DSL
  - Switched & Dedicated Long Distance
  - IP, Frame Relay, Point-to-Point, and MPLS
  - Reservation-less, Event, and Web Conferencing
- TNCI offers aggressive rates on all Voice and Data solutions.
- TNCI provides cutting-edge online portals for Agents and Customers for enhanced productivity and efficiency.
