Hosted VoIP and Data

Windstream's Hosted VoIP and Data Bundle is the complete business phone system and high-speed Internet solution that provides everything your business needs: all the equipment, installation, maintenance, support, updates and more. Outsource your communications system to Windstream and receive a professionally installed, complete communications system that's fully maintained and automatically updated by Windstream. All with zero effort and zero headaches for you.

What is Hosted VoIP and Data?
An advanced business IP phone system, high-speed Internet, and voice solution—without all the cost and hassle of traditional TDM systems.

How does Hosted VoIP and Data work?
Windstream provides the equipment, setup, and maintenance updates for you.

Why choose Hosted VoIP and Data?
It's the easy and affordable answer for businesses that need to replace out-of-date equipment or businesses with new office sites.

To learn more about how your business can enjoy the ease and flexibility of Hosted VoIP and Data, contact your Windstream Sales Representative.

Advantages

- **Convergence:** Offers your business a combination of voice, Internet, and networking services.

- **Decreased Costs:** With Hosted VoIP and Data, you can eliminate capital expenses of a phone and data system. Plus, Windstream handles the installation and maintenance, which further reduces your expenses.

- **Dynamic Bandwidth Allocation:** Channels alternate "on demand" between voice and Internet.

- **Voice Prioritization:** Calls coming into and going out of your business always receive priority.

- **Quality of Service:** Windstream leverages its secure IP network and on-premise integrated access devices to ensure the highest quality of service.

- **Consolidated Communications:** Easily connect branch offices by incorporating Windstream's MPLS Networking into your communications solution.

Features

- Dedicated Internet with speeds of up to 20 Mbps
- Equally fast uploads and downloads
- Voice lines
- IP telephones
- Web Portal: Makes adds, changes, and feature management a simple process
- Auto Attendant and Music on Hold
- Find Me, Follow Me: Never miss a call. Forward incoming calls to up to three numbers.
