

XOptions®

Powerful, Simple and Cost-Efficient Telecom Solutions

XO INTEGRATED SERVICES

Flexibly-priced, bundled communications solutions for your business – combining local, long distance, Internet and Web hosting services for one monthly flat rate†.

Finally, one source for all your communications needs. XO® simplifies the purchase and maintenance of local, long distance, Internet, and Web hosting services. Everything through one provider. Consolidated on one invoice. For one flat, monthly rate†.

Every XOptions® standard package includes:

- Business lines or trunks
- Unlimited local calling*
- Long distance minute allowance
- High-speed Dedicated Internet Access
- Shared Web hosting with the added functionality of Microsoft® bCentral™, Junk Mail & Virus Filtering and MySQL™ (for qualified accounts)

➤ Choose a Dedicated Internet Access** and Voice package that perfectly suits your needs.

** DIA availability may vary based on the customer's proximity to the Central Office.

Dedicated Internet Access (DIA) with Voice packages are designed for growing businesses and those with critical Internet & data applications. Includes standard package features, plus:

- Ultra high-speed, Dedicated Internet Access
- Web hosting package with 500 MB disk space, 70 e-mail accounts, junk mail & virus filtering; MySQL™
- 4,000 - 75,000 long distance minutes
- Competitive service level agreements (SLAs)
- Unlimited local calling* with choices ranging from 10 lines/trunks to a full T-1

A SOLUTION FOR ALL YOUR LOCATIONS

Whether you have one office or numerous sites across the U.S., there is an XOptions® solution that can scale to your current and future business structure.

• XOptions® Satellite Office Solutions

This abbreviated version of the standard XOptions package is designed for smaller offices with either a single site or multiple locations. It features 6-9 business lines, Internet access speed at 256 Kbps and a 1,500 LD minute allotment. This package is available for 2 or 3 year contract terms.△

• XOptions® "MLP" Multi-Location Program

Get XOptions at five (5) or more locations and receive a 5% discount off all applicable MRCs and usage. Pool your hosting/e-mail accounts from multiple locations under a single domain server and keep a unique brand identity for all locations.

MICROSOFT® bCENTRAL™ FOR XOPTIONS®:

With powerful Microsoft® bCentral™ features included in the Web Site Hosting component of XOptions, you can promote your business, provide more personalized customer service, sell products over the Web, and turn your Web Site into a revenue generator, all without any special expertise required.

XOptions® customers can select one of the following Microsoft® bCentral™ packages:

- **Service Commerce** – This package is designed for service-based businesses and provides the tools to market and expand your business online. Capabilities include email marketing, listing of your Web site on search engines, and online appointment scheduling.
- **Retail Commerce** – This package is ideal for retail based businesses and provides the services to sell more products over the Internet. Capabilities include email marketing, listing of your Web site on search engines, and a product merchandising tool to build online catalogs and gain auction site recognition.

Contact XO® – For more information, please contact your XO Sales Representative or visit www.xo.com.

† Flat rate prices vary by location. Limits apply.

*A cap for local calling exists in measured markets.

△ One year Satellite Office Solutions contracts require a minimum of 3 locations, with a standard XOptions package for at least one location.
