

XO™ CALLING CARD

Keep Your Company Connected—Globally

XO VOICE SERVICES

Domestic or international calling, operator services, directory assistance, and features including conference calling, message store and forward, and speed dialing are all available with the XO™ Calling Card.

With the XO™ Calling Card, you can:

- Empower your employees—wherever they are—with global communications;
- Increase employee productivity, with powerful enhanced calling services from almost any telephone in the world; and
- Reduce costs with competitive base rates, plus discounts of 5% to 30% when you sign up for the XO™ Long Distance plan.

The XO™ Calling Card:

- Provides virtually universal calling coverage, around town and around the world;
- Is easy to use whenever business takes you away from the office;
- Includes both live and automated Operator Services and Directory Assistance, 24 x 7, in 19 languages; and
- Includes a handy wallet-sized calling guide with dialing instructions and international access numbers.

The XO™ Calling Card is much more than a way to make a long-distance call without change. It's a passport to global communications with enhanced calling features. Designed with business people in mind, the XO Calling Card keeps your employees connected with many of the same communication functions they have at their desks. Functions like speed dialing, conference calling, and message forwarding.

Domestic or International Calling

- Toll-free number access from the U.S., Canada, Guam, Puerto Rico, and the U.S. Virgin Islands

- International 1+ dialing from the U.S. to more than 200 countries
- International 1+ dialing to the U.S. from more than 115 countries
- International 1+ dialing among more than 115 different countries

Enhanced Star * Features Make the Difference

Via the toll-free access number, cardholders can use the following star features from almost any telephone in the world.

***0 Operator Services**—for 24 x 7 operator and directory assistance services in 19 languages.

***3 Conference Calling**—connects you to the XO Conference Reservationist so you can gather the people needed to solve business problems and make swift decisions no matter where you are.

***4 Message Store and Forward**—for times when rapid communication to many parties is critical to your success. This feature allows you to record a voice message and send it to 20 different phone numbers at once.

***9 Speed Dialing**—to save time and avoid memorizing numbers. You can program an XO Calling Card with up to nine frequently dialed numbers.
